

South African Ballistics Organisation
BEST POSTER AWARD 2016

Dr IM Snyman,
CSIR, Pretoria, South Africa

— *SABO* —

The background of the slide features a repeating pattern of hexagons. Each hexagon contains a stylized, grey symbol that resembles a musical note or a calligraphic character. The hexagons are arranged in a grid, with some having a light blue border and others having a light green border. The symbol inside each hexagon is centered and has a vertical line passing through its middle.

- **PURPOSE**

- The SABO AWARD is an award to give recognition to the author of the best poster as displayed and presented at the International Symposium on Ballistics
